Codes & Subject:	Code Orange Staff Parking
-----------------------------	----------------------------------

FROM:	DEPARTMENT:	Security
--------------	--------------------	-----------------

On 08/14/2019, I was attempting to park in the Wyatt Detention Facility Staff Parking lot at approximately 9:47pm. As I tried to enter the parking lot, a small group of ICE protestors were blocking the entrance in a seat position. I sounded my truck horn in an attempt to move the protestors. After the first time I blew the horn, the protestors stood up and took several steps backwards. I then inched forward slowly and beeped the horn again, again moving the protestors backwards. It was at this time, they surrounded my truck and began to bang loudly on the windows and doors to the degree I thought the windows were going to break, they then began spitting on me while I sat in my vehicle. Fearing for my safety,

I used my department issued portable radio and called a Code Orange in the Staff Parking Lot. As I waited for assistance, the protestors continued to assault me verbally issuing threats and racial slurs, and continued to damage my personal vehicle by kicking the side of it and pounding on the windows. The CERT team along with additional staff from the facility arrived and attempted to secure the parking area. As staff attempted to secure the scene multiple protestors began to push back and challenge Correctional staff. I then witnessed the deployment of chemical agents from CERT members towards the protestors in an attempt to regain control of the scene. Once the protestors were moved, I was able to enter the parking lot. Once I exited my vehicle, I then noticed the presence of the Central Falls Police Department. At no time did the Central Falls Police Department engage with the protestors to ensure my safety or the safety of other staff that were trapped in the parking lot waiting to go home.

Narrative:					

Once I was able to park my vehicle in the parking lot, I joined the staff that were already in the parking lot. I was then escorted from the parking lot into the facility by CERT members to ensure my safety. I entered the facility and was debriefed by Warden [REDACTED], Major [REDACTED], and Major [REDACTED]. I was then able to review video that had been posted online, and noticed that my license plate had been placed on the internet. This could potentially cause harm to me and my family from any of the angry posts made online. A typed post of my license plate was posted on Facebook by Vincent [REDACTED] and Fernando [REDACTED].

At approximately 2:00am Central Falls Police Department towed my truck to the station to be processed by an investigator from the RI AG's office....EOR.

Narrative:	Code Orange - Staff Need Assistance,
------------	--------------------------------------

On 8/14/19 I was assigned as the shift commander to the 3-11pm shift. Upon assuming the shift it was relayed to this supervisor that there was an expected ICE demonstration coming to the facility at approximately 6-6:30pm. At approximately 7:15pm the demonstrators arrived via Blackstone street from the direction of the center of town. There was a large crowd I estimated to be 300 to 400 demonstrators. This group assembled on high street on the east side of the street in front of the training center. The majority of the crowd stayed on the side walk however several demonstrators were actually on Wyatt property near the staff parking lot and up against the training building. The group was being addressed by unknown people in a speech style manner. After about 15 minutes several people made their way to the facility side of the road however they stayed outside our driving perimeter until about 4-6 people began descending on our secure gated entry way. This time I believe to have been about 7:40pm and the perimeter vehicle was in the path to the gate. Sgt. [REDACTED] at this time exited the vehicle and addressed the demonstrators asking them to retreat and exit Wyatt Detention property. The spokesman for the demonstrators then gave a piece of paper to Sgt. [REDACTED]. The demonstrator called this letter a list of demands. After delivering the letter the demonstrators retreated to the roadside again.

It should be noted that after the dinner for the detainees was served the detainee population was [REDACTED]

The demonstrators then began to work their way back to Blackstone street and assembled on both sides of the street blocking the entry to the vehicle sallyport used for transportation of detainees. It was just beginning to become dusk as the transition to Blackstone Street began. After time spent at the sallyport gate the group then transitioned back to high street blocking the entry and exit to both the staff parking lot and the visitors parking lot. It became apparent around 9pm that the intention was to stop all traffic in and out of the parking areas. This shift commander observed the demonstrators blocking the exit for two of our officers as well as an attorney who had been to the facility to see a client. I ordered the Cert Commander [REDACTED] to call the Central Fall Police Department as the demonstrators were now impeding the operations of the facility. The Central Falls Police department dispatched officers to the facility and an Officer could be seen getting out of his vehicle and walking up to a staff vehicle on Wyatt property and talking. This talking went on for 10-15 minutes and no attempt could be seen being made to clear the drive so staff could exit. At that time I ordered the Cert Commander to notify the Rhode Island State Police of the situation. The call was made and a few minutes later I received a call from the State Police inquiring as to what was happening and to inform me that they were dispatching several officers. By the time this was happening I would estimate the demonstration numbers to be 150-200 people.

At 9:47pm a call was made via the radio for a code orange (assault on staff) from the staff parking lot. The Cert officers who had been placed on alert in case of an emergency were deployed from the building to the staff parking lot. This shift commander went over the radio asking staff to use restraint and caution. Major [REDACTED] responded with the Cert team to

the parking lot and took control of the situation with the assistance of the Cert Commander. The crowd could be seen swarming the officers and the vehicle of what was later learned to be the on coming Shift Commander [REDACTED]. The crowd was hitting the vehicle with hands and feet and spitting at Captain [REDACTED]. The command was given by the Major on scene to deploy chemical agent in an effort to assure the safety of everyone. A call was made by the Major to this Captain to notify the Warden and the other Major. I initiated these calls and both the Warden and Major [REDACTED] responded immediately coming to the facility. As a result of the deployment of chemical agents I had two staff who were directly exposed and required decontamination. These two staff were Captain [REDACTED] and Seargent [REDACTED]. Once the chemical agent was deployed the crowd dispersed and operations slowly returned to normal.

Codes & Subject: Code Orange

FROM: Lieutenant [REDACTED] DEPARTMENT: Security

On Wednesday, August 14, 2019, at approximately 9:47pm, a Code Orange was called from the employees' parking lot by Captain [REDACTED]. Once I arrived to the parking lot, Captain [REDACTED]'s, personal vehicle was completely surrounded by protesters. When I reached the entrance to the parking lot, Captains [REDACTED]'s, truck was being rocked side to side by multiple protesters. They were also observed kicking and spitting on his person truck. At this point the crowd of protesters were pushing their way on to the parking lot property. Several orders were given by the C.E.R.T. Team leaders and Major [REDACTED] to back up, all failed. Major [REDACTED] gave the order to disburse Oleoresin Capsicum spray. I disbursed a one second burst of spray as the crowd began to retreat back to the side walk and street. Once the crowd started to move back the gate to the entrance of the parking lot was lifted and Captain [REDACTED] entered the grounds.

Note: Earlier in the night I received a phone call from the Rhode Island State Police. The Trooper stated to me that he had called Central Falls Police and they informed him that the Wyatt Detention Center did not need their help or the help from the city's local police department. Had either department showed up and removed the crowd from blocking our parking lot, this issue could have been avoided.

Narrative:	Code Orange
------------	-------------

On Wednesday, August 14, 2019, I, Sergeant [REDACTED] was posted as the Correctional Emergency Response Team Commander due to an Outside demonstration with the protest group Never Again Action. During the protest, at approximately 7:27pm, approximately over 200 protesters arrived at Wyatt and began to stand on the sidewalk. At approximately 7:40pm, Protesters entered the property on the perimeter grounds in attempts to deliver a note to the Warden. At approximately 7:41pm, Central Falls police was notified of protesters entering the grounds. At approximately 7:47pm, Central Falls Police arrive on scene. At approximately 8:58pm, I notified Central Falls Police Dispatch that the protesters moved to the employee parking lot and visitor lot preventing Attorneys, Visitors, and Employees from leaving the grounds, which there was 2 staff members attempting to leave the facility and were held against their will by the protesters. At approximately 9:12pm, Rhode Island State police were notified of the situation due to no police presence from the city of Central Falls. The Central Falls Lieutenant [REDACTED] made contact with me regarding that they were waiting for the protesters to clear out before they were going to make any arrest. I then notified the Lieutenant that there were staff members working over 14 hour shifts and were attempting to leave the grounds to report in for duty for 5:00am and 7:00am. At that time, the Lieutenant stated that there was nothing that could be done. I then handed the phone to Major [REDACTED]. The protesters continued to block staff members from leaving. During the protest, a Code Orange (staff assault) was initiated by Captain [REDACTED] at 9:47pm. All CERT Members were dispatched to the Employee Parking Lot Entrance, and I reported to the entrance as well with 3 MK9 Oleoresin Capsicum's. Once I arrived at the parking lot entrance, I observed multiple protesters surrounding Captain [REDACTED] Truck. At that time, I began to give verbal commands to the protesters to get back. The protesters refused to move, and began to push CERT members while they were attempting to move the crowd back. After additional efforts, I then requested to utilize the MK9 Oleoresin Capsicum, which was approved by Major [REDACTED] who was also on scene during the Code Orange. Once approval was granted, I then disbursed three (3) one (1) second bursts to the crowd in attempts to control the protest which became a disturbance. Once the Oleoresin Capsicum was deployed. I then ordered the C.E.R.T. to form a line formation on the property to allow Captain [REDACTED] to make entry in the Employee Parking lot. I then ordered the C.E.R.T. members to remain on line to prevent any protesters from attempting to vandalize property, or make entry into the lot. After the line was held for about 15 minutes, C.E.R.T. was ordered to return to the facility. All C.E.R.T. Members were debriefed, and two C.E.R.T. members (Captain [REDACTED] and Sergeant [REDACTED] were exposed to the OC and were decontaminated by HSU staff. ///END OF REPORT///

On Wednesday, August 14, 2019 I, Sergeant [REDACTED] was posted as the Assistant C.E.R.T. Commander due to a protest outside of the facility. At 9:47pm a Code Orange was initiated by Captain [REDACTED] at the gate of the employee parking lot. I immediately dispatched Officer [REDACTED], [REDACTED], [REDACTED] and Sergeant [REDACTED] to that area. Myself and other members of the C.E.R.T. team responded to the area where Captain [REDACTED] was in his vehicle. As I approached the entrance of the employee parking lot I observed multiple protesters surrounding Captain [REDACTED]'s personal vehicle. The protestors were shouting and being disruptive. I began to give orders to the C.E.R.T. team members to assist in getting the crowd away from Captain [REDACTED]'s vehicle so that he can enter the facilities parking lot. Once Captain [REDACTED] was escorted into the parking lot safely. Myself and approximately 8 other members of the C.E.R.T. team made a line formation to secure our employee parking lot exit and entrance gate. Shortly after I was giving instructions by the C.E.R.T. Commander Sergeant [REDACTED] to fall out and return inside of the facility. Shift Commander [REDACTED] notified END OF REPORT.

Narrative:	Code Orange
------------	-------------

On Wednesday, August 14th, 2019, I, Sergeant [REDACTED] was posted as the Shift Supervisor, with the radio call sign [REDACTED]. At approximately 9:47pm, a radio transmission initiated a Code Orange response to the Staff Parking Lot. C.E.R.T. Commander [REDACTED] dispatched all C.E.R.T. personnel on duty, as the primary responders. I, as the Shift Supervisor and a member of the C.E.R.T. Charlie Squad, was apart of the primary response and directed our response team to utilize the Receiving and Discharge egress point onto Blackstone St. Our response team entered the Receiving and Discharge garage area and I activated my facility issued body camera. I directed our responders to have their MK-4 Oleoresin Capsicum canisters available as a use of force option. I attempted to provide an audio narrative to preface the body camera recording, but I had not received a viable update that would allow me to identify the specifics of the incident.

The Officer in Control was directed to open the Receiving and Discharge Vehicle Gate. Our response team exited the secure portion of the facility and range walked onto Blackstone St. I took a right onto the street and headed east towards the staff parking lot. I approached the corner of High Street and Blackstone street and observed, what appeared to be a dark colored pick-up truck, stopped in front of the parking lot security swing arm device. The pick-up truck appeared to be running and appeared to be surrounded by multiple individuals. The individuals surrounding the vehicle appeared to be blocking the vehicle's access to the parking lot and appeared to be physically engaged with both sides of the vehicle. The individuals surrounding the vehicle appeared to be hostile towards the driver and I heard multiple insults directed towards the drivers side window. I observed the vehicle's [REDACTED] license plate and identified the pick-up truck as Captain [REDACTED]'s personal vehicle. I immediately realized that the incident in front of my position was the source of the emergency response code.

At approximately 9:49pm, I walked across High St. and I calmly began to direct the individuals around the truck to back up. I observed approximately two individuals comply with my directive and I proceeded to walk towards the passenger side of the truck and onto Wyatt Detention Facility property. I continued to calmly direct multiple unknown individuals, within my vicinity, to back up. I was utilizing various arm motions in attempts to direct individuals onto the sidewalk on High St., or into the south side of the staff parking lot. I positioned myself at the front of the pick-up truck, at the passenger side headlight, and directed all unknown individuals to back up. All of my lawful directives were ignored by the trespassing individuals. I observed multiple trespassers physically grasping the parking lot security device, in what appeared to be an attempt to anchor themselves to the structure. After quickly referencing my facility policy knowledge and personal experiences within an eleven year career as a Correctional Officer, it appeared to me that our initial response to ensure Officer safety was ineffective. The intruding crowd was not complying direction and it appeared that their aggression was intensifying. I believed that our overall safety was compromised and that we were going to have to utilize a different level of the force continuum.

I located Major [REDACTED] and C.E.R.T. Commander [REDACTED]. They were standing approximately 15 feet away and to the northeast of my position. I observed an interaction between those two Officers, but because of the violent noise levels generated by the intruding individuals, I could not hear any audible directives provided by my Commanding Officers. I looked to my right and attempted to move up, onto the small grass area. There were too many individuals impeding my path, so I could not move in that direction. I looked to my left and attempted to relocate Major [REDACTED]. I observed Commander [REDACTED] deploy his facility issued MK-9 Oleoresin Capsicum canister. I sustained a direct exposure to the Oleoresin Capsicum and turned my head back towards High St. My vision was impaired, but I could identify the crosswalk painted on High St. and slowly walked across the street. I could hear multiple individuals surrounding me and feared for my personal safety. I made my way west across High St., and was followed by one individual. I felt that this individual was verbally assaulting me with threatening and antagonistic remarks, but I could not identify the individual. I crossed the street and slowly identified the facilities black perimeter fence on the west side of High St. I bent down and rested on one knee. I attempted to clear my eyes. I was able to establish vision out of my right eye and decided that I needed to evacuate the hostile environment. I rose my feet and walked south on High St. I reached the crosswalk, leading to the training building's entrance. I took a left and crossed to the east side of High St. and entered the training building. I utilized the training building bathroom to decontaminate myself from the Oleoresin Capsicum exposure. At approximately 10:30pm, I returned to the secure portion of the facility to resume my tour of duty.///End Of Report///

On 08/14/ 2019 I Officer [REDACTED] was posted as I50, Receiving and Discharge, for Second Shift. Upon the completion of my duties as the Receiving and Discharge Officer I, Officer [REDACTED] was then activated and placed on stand-by with the Facilities Correctional Emergency Response Team. At approximately 9:47pm, Captain [REDACTED] initiated a Code Orange in the Staff Parking lot. Captain [REDACTED] advised responders that the Protesters were surrounding his personal vehicle and becoming aggressive denying him access to the Staff parking lot. I then exited the Facility Via the R&D sally port and responded to the entrance to the Staff Parking. At this time, I observed Captain [REDACTED] personal vehicle surrounded by protesters. Upon arrival to the passenger side of the vehicle multiple verbal commands were given to the protesting crowd to step away from the vehicle. At which point the protesting crowd began to become defiant and started to shove responding Officers to try and get closer to the vehicle. At this time, Oleoresin Capsicum spray was then dispersed to regain control of the unruly protesting crowd. Once the O/C spray was dispersed, all verbal commands were followed by the protesting crowd and Captain [REDACTED] was able to enter the facilities Staff Parking lot safely. I was instructed by the C.E.R.T Commander to get in a Line Formation in the front of the parking lot gate to maintain control of the entrance. Later I was then relieved of my duties and was instructed to report to the main building./// End of report.

On Wednesday August 14, 2019, at approximately 9:47pm, I Captain [REDACTED] was activated for a CERT operation. I responded to a Code Orange, (Assault on Officer) that was initiated by Captain [REDACTED] via his portable radio. Captain [REDACTED] stated that the protesters were shaking and banging on his truck at the entrance of the Officer parking lot. The protesters were blocking the entrances to the officer's parking lot. The protesters had his car surrounded and were not allowing him to enter the parking lot. At this time the Cert Commander give us a direct order to respond to the Officer parking lot. At my arrival to the parking lot I start giving the protesters verbal command to back up and to exit the officer's parking lot. At this time the protesters refused to comply with our orders and became hostile refusing to leave the parking lot and began moving towards us. At this time OC (Oleoresin Capsicum Pepper Spray) was disported and I was contaminated and was escorted to medical to be treated. End Report////////

On Wednesday, August 14, 2019, I, Officer [REDACTED] was posted as 132 (New side Escort) and was activated for the Correctional Emergency Response Team (CERT). At approximately 9:47pm, I responded to a Code Orange in the Employees parking lot entrance. When I arrived at the scene I observed protestors surrounding Captain [REDACTED]'s vehicle. At this time, I gave verbal commands to step away from the vehicle and which the protestors were uncompliant. I then dispersed one second burst of Oleorism Capsicum to saturate the area. The protestors remained uncompliant, in which I then again dispersed another one second burst of the Oleorsesin capsicum. The protestors then became compliant. I then joined the line formation at the entrance to prevent protestors from blocking the employees parking lot entrance. I remained there until given orders to leave. <<<END OF

On Wednesday August 14, 2019, I was activated by Cert Commander Sergeant [REDACTED] for a protest. At approximately 9:47pm, I Officer [REDACTED] responded to a Code Orange that was initiated by Captain [REDACTED] via portable. Captain [REDACTED] stated that the protesters were shaking his vehicle, stomping and banging on his car window. The protesters had his car surrounded and were not allowing him entrance into the Employee parking lot. At this time the Cert Commander gave a direct order for all CERT members to respond to the Staff parking lot. At my arrival I began to give the protesters direct orders to "back up and exit the employee parking lot". Due to protesters being disruptive and non compliant, Oleoresin Capsicum spray was dispersed into the crowd. I then assisted in forming a line at the entrance of the Employee parking lot to prevent any further protesters from proceeding into the Employee parking lot. After about 15 minutes Orders were given by the CERT Commander [REDACTED] for the team to withdraw back to facility property. I had no further involvement in the incident. ///END OF REPORT///

On Wednesday, August 14, 2019, I, Officer [REDACTED] was activated for the Correctional Emergency Response Team at 3:00pm for the protest outside of the facility. I was also posted as 133 new side escort. At approximately 9:47pm a Code Orange was initiated by Captain [REDACTED] outside of the facility, the protesters were kicking and hitting his vehicle. As I was responding to the code, I noticed a big crowd of protesters surrounding a black pick up truck that Captain [REDACTED] was sitting in, in front of the employee parking lot. At this time, I gave verbal commands to the crowd to get back, in which the crowd was not complying with orders, several staff members were being pushed by the crowd. At this time Oleoresin Capsicum was deployed to gain control of the situation. I then continued to give verbal commands to the crowd to get off the facility property. Once the area was cleared, I then was posted on the exit side of the employee parking lot holding a line formation to ensure that the protesters would not enter the facility parking lot. This was the conclusion of my involment.-----

On Wednesday 08/14/ 2019 I Lieutenant [REDACTED] was Activated for the Correctional Emergency Response Team which I am a member of. The C.E.R.T. team was on standby due to an outside protest at the facility. I was assigned to the C.E.R.T. response team. At approximately 9:47pm a CODE Orange was announced over the facility radio. Over the radio control information us that Captain [REDACTED] was in his truck which was being blocked by protesters at the employee parking lock lot gate and all the protesters surrounded the vehicle. The protesters were stomping and hitting his vehicle, as well as preventing him from entering the facility. I then responded to the staff parking lot with C.E.R.T. members who were on the response team. We ran down the programs corridor through R&D and exited the facility through the R&D gate onto Blackstone street.. I ran down Blackstone street towards the staff parking lot where I immediately saw a large crowd of people surrounding a black truck at the employee parking lot in which I continued to make my way toward with the team. Once I arrived, I shouted verbal commands to the protesters to "Get Back , Get on the sidewalk" while other members addressed the crowd to move away from the truck. I then proceeded to the gate and shouted to the protesters to get back clearing a path for the gate to be opened so Captain [REDACTED] can safely enter the lot. I then heard Oleoresin Capsicum dispersed over the right side of my head and the protesters began to run away. Captain [REDACTED] was then able to enter the staff parking lot. I continued to instruct the crowd to "Get Back" and off the property and to go on the sidewalk. I also instructed some other individual to get off the entrance of the facility employee parking lot and informed them the crosswalk and gate can't be blocked. I then instructed C.E.R.T. members to make the area safe and form a line on the facilities employees parking lot gate. A line formation was then formed by C.E.R.T. members to prevent any protesters from entering the parking lot and to protect Captain [REDACTED] from the protesters. After approximately 15mins of holding the line, C.E.R.T. Commander [REDACTED] gave an order to return to the facility. End of report.

On Wednesday August 14, 2019 I, Officer [REDACTED] was given permission to leave at the end of my shift. At approximately 9:00PM I attempted to exit the employee parking lot through the exit. There was a line of protesters linked arm in arm blocking the exit. They were aggressively yelling at me and a white male approximately 5'10" with a "never again" shirt on threw an orange cone at my personal vehicle with me inside. Central falls police officer approached me and told me that there was nothing he could do. He told me to park my truck in the back and to try to find a ride home. I complied with these orders and my wife had to come pick me up. Third shift, shift-commander was notified. ///end of report///

On Wednesday, August 14, 2019, I, Officer [REDACTED] was activated for the Correctional Emergency Response Team for a possible protest outside the facility. At approximately 9:47pm a Code Orange was initiated in the staff parking lot by Captain [REDACTED]. After the code was called I entered R&D and exited outside the R&D gate. On the way to the staff parking lot, an update was given that several protesters were stomping, spitting, and shaking Captain [REDACTED]'s vehicle. When I arrived to the staff parking lot, I observed several protesters surrounding Captain [REDACTED]'s vehicle. I approached the driver's side and gave several verbal commands to the protesters to "Get Back and Step away from the vehicle." On the passenger's side of the vehicle, it appeared that protesters were being non-compliant and becoming unruly. At which time Oleoresin Capsicum was dispersed into the crowd. I continued to give direct orders to "Get Back and exit the facility grounds." The protesters were still uncooperative, at which time I dispersed a one second burst of O/C spray for an area saturation effect. The protesters then became compliant and began to exit the staff parking lot. I then assisted in assembling a line formation that to stop any further protesters from blocking the entrance and exit to the staff parking lot. After about 15 minutes an order was given by C.E.R.T Commander [REDACTED] to reenter into the facility. I had no further involvement in the incident.//END OF REPORT//

CENTRAL FALLS DETENTION FACILITY CORPORATION

TO: Warden [REDACTED]
FROM: Major [REDACTED]
DATE: August 15, 2019
RE: Protest/Code Orange

On Wednesday, August 14, 2019, a protest was going to take place from approximately 6:30pm-9:30pm at the Wyatt Detention Center. The protest was in regards to the detainment of illegal immigrants being housed at the Wyatt for Immigration and Customs Enforcement (I.C.E).

At approximately 6:30pm, there were only a dozen or so people and media across Blackstone Street outside of the ball field. At approximately 7:15pm, the crowd of more than 200 protestors emerged from the Blackstone Street bridge and continued to High Street and occupied the sidewalks on both the facility side and the Training building side. A dozen or so protestors then sat in the driveway entrance on High Street in order to disrupt entry/exit of the facility.

At approximately 7:45pm, a group of protestors made their way up the perimeter road to the 121 vehicle that was parked near the pedestrian gate at the front of the facility. Sgt. [REDACTED] exited the vehicle to speak with the group. He was handed a letter from the group and was told to give it to the Warden. Sgt. [REDACTED] relayed that this was a list of demands from the protestors. The group then exited the driveway. I exited the building to retrieve the letter from Sgt. [REDACTED] (See attached)

At one point, 12-15 protestors went onto Blackstone Street and blocked the Receiving and Discharge (R&D) gate in an attempt to prohibit any transportation vehicles for entering/leaving. Fortunately, all detainees and transportation vehicles had already returned to the facility prior to 6:30pm. They stayed at the R&D gate for a short time, maybe 20-30 minutes or so before returning to the large gathering of protestors on High Street.

At approximately 9:00pm, Officer [REDACTED], Officer [REDACTED] and Aramark employee [REDACTED] exited the facility to go home as their shift was completed. Officer [REDACTED] attempted to exit the staff parking lot but was unable to due to the entrance and exit being blocked by protestors. He waited 10-15 minutes then backed up his truck and parked it in a parking spot. I was

informed that he had his wife pick him up, leaving his truck overnight. Officer [REDACTED] was parked in the visitor parking lot. He waited approximately 10 minutes then proceeded to walk home from the facility. [REDACTED] was parked in the visitor parking lot. She attempted to leave the lot but was denied the ability to exit the lot due to the protestors blocking the entry/exit. She sat in her vehicle for at least one hour waiting to exit.

At approximately 9:45pm, a male protestor was noticed by Control walking into the staff parking lot with something in his hand. [REDACTED]
[REDACTED]

At approximately 9:47pm, as I was monitoring the protest from Control, a Code Orange was called over the radio. I was unsure where it was called from and then a second Code Orange was called with the location of the staff parking area. I immediately responded to the area with Sgt. [REDACTED] and Sgt. [REDACTED] from the Control room towards the front door. As I was crossing High Street, I observed other staff responding from Blackstone Street. We entered the staff parking lot via the pedestrian gate near the Training Building.

When we arrived on the scene, my direction was to move the protestors away from the truck that was involved. At that time, I was unsure if anyone was injured or under the vehicle. After a quick look, I determined that no one was under the truck and assisted in moving the crowd of protestors away from the vehicle so we could get the truck and driver into the parking lot.

As we were attempting to move the crowd, which was growing by the second and pushing staff back so they could continue to assault the truck, kicking, banging the hood and windows and kicking in the side. We were being pushed back by the crowd, I then gave Sgt. [REDACTED] the order to deploy Oleoresin Capsicum (OC) spray. He then deployed 2-3 one-second bursts into the crowd. At that point, the crowd dispersed away from the truck. The truck was then allowed entry into the staff parking and at that point I realized it was Captain [REDACTED] that was the driver. Sgt. [REDACTED] commanded his team to form a line along the crosswalk in front of the entry/exit of the staff parking lot.

I then assessed the area and began to give commands to the protestors that were still in the parking lot to leave the lot and get on the other side of the fence. The protestors were yelling

obscenities at staff. There were protestors that were claiming to have been hit by the vehicle and claiming to have been sprayed with OC. There was one female protestor that was laying on the grass with a male that claimed to be an EMT that was tending to her. I allowed him to remain to continue treatment until she was able to get up and walk on her own.

The crowd was taunting and yelling at Captain [REDACTED] from the other side of the fence. I left staff parking and walked onto High Street to speak with Lt. [REDACTED] from Central Falls Police Department. I asked him if needed to speak with Captain [REDACTED] at this time as I was looking to escort Captain [REDACTED] into the facility in order to settle the crowd down. He replied that he was all set at this time with the Captain. I notified Sgt. [REDACTED] to take his team and escort Captain [REDACTED] into the facility in order to quiet things down. I followed the escort into the facility as there were no staff left in the parking lot.

End of Report

To: Daniel Martin, Warden of the Donald W. Wyatt Detention Facility,

We are writing to you on behalf of Jews, immigrants, and allies in Rhode Island who have come together to say that never again is now. We know that what the US government is doing at the border and in immigrant communities all over the country — including in Rhode Island — is nothing short of a mass atrocity. In particular, we are writing regarding the Donald W. Wyatt Detention Facility (“the Wyatt”) and the immigrants currently held there as part of the Trump administration’s Zero Tolerance Policy.

Since the beginning of 2019, when an Intergovernmental Service Agreement (IGSA) was signed between Immigration and Customs Enforcement (ICE) and The Wyatt, very little has been communicated to the public about the conditions within the Wyatt. It is unclear what services immigrants are able to receive and with what frequency. It is unknown whether the legal, pastoral, and mental and physical health needs of immigrants being detained at the Wyatt are being met.

Therefore, we are calling for increased transparency on the part of the Wyatt, ICE, and the Special Master, along with increased access to services for immigrants being held at the Wyatt. We demand that you, in your role as warden of The Wyatt, take action to increase communication with the public about conditions within the Wyatt and work to ensure that the needs of all detainees are being met. These measures of transparency include, but are not limited to:

- Allow community organizations to support people being detained and the families of people being held in detention. Give clearance to community organizations to enter the facility and meet with people being detained.
- Allow doctors to tour the facility and observe its medical services.
- Regularly update the public on how many immigrants are being detained at The Wyatt, how long their average length of detention there is, and how frequently they are able to access legal counsel during this period of detention.
- Release information on any collaboration between The Wyatt and ICE detention facilities in Plymouth County and Bristol County.

Many of our own families narrowly escaped conditions similar to what we are seeing today in concentration camps at the southern border and detention centers around the country. We are here now to do whatever it takes to ensure that the acts of inhumanity that many of our ancestors experienced — such as the Nazi Holocaust, genocide of indigenous peoples in the Americas, Japanese internment, and brutal dictatorships — do not happen again. We demand that you take action as well.

Sincerely,

Never Again Action PVD

Daniel Martin

Subject: Wyatt Incident with Protestors
Attachments: Wyatt Protest Letter.pdf

Sir,

The following is a summary of the Incident that took place at the Wyatt Detention Facility on Wednesday August 14, 2019.

At approximately 4:30 p.m. I communicated with Central Falls Police Chief Daniel Barzykowski regarding police coverage for the impending protest by "Never Again Action" group. Chief Barzykowski indicated that he would not have anyone stationed at the facility, but would have patrols in the area. I communicated to him my concern as protestors will block access points to and from the facility. I had Major [REDACTED] the Chief of Security deploy CERT staff around the perimeter to augment perimeter security based on a lack of outside local law enforcement support.

At approximately 7:27 p.m. about 200 protestors arrived at the facility and began to stand on the sidewalk chanting and throwing racial slurs to correctional staff augmenting the perimeter.

At approximately 7:40 p.m. protestors entered the property on the perimeter grounds to deliver a note of demands (see attached note) to the Warden. Once the demands were not met, the protestors began to impede the operations of the facility.

At approximately 7:41 p.m. Central Falls PD was notified.

At approximately 7:47 p.m. Central Falls PD arrived on the scene but did not remain.

At approximately 8:58 p.m., Central Falls dispatch was notified that protestors were moving to the employee and visitor parking lot and were obstructing people from entering and/or leaving the facility grounds. Several attorneys, visitors and employees whom had worked 16 hours and were expected to return in 8 hours could not depart the facility. There was NO assistance by Local or State Police to mitigate this issue.

At approximately 9:12 p.m. Rhode Island State Police were notified due to there being NO police presence and the need for staff to enter and depart the facility grounds. Rhode Island State Police stated they notified Central Falls PD and the Wyatt was all set.

At approximately 9:47 p.m., Captain [REDACTED] arrived at the facility for his 10:00 p.m. - 8:00 a.m. shift. Upon his approach to the entry gate to the staff parking lot he observed numerous protestors seated on the ground, he stopped his vehicle and sounded his horn. Protestors jumped up and began to pound on his vehicle and yell profanities and spit on him through his window. In fear for his safety, he attempted to move forward as he was unable to ascertain if any individuals were behind his vehicle in an attempt to avoid any contact with the protestors and avoid further issues of violence directed at him. The protestors increased their verbal assaults on Captain [REDACTED] and were by banging, kicking and rocking his vehicle. Out of fear for his safety, Captain [REDACTED] called a "Code Orange" (Assault on Staff) via his radio and CERT members responded to assist Captain [REDACTED]. Based on the size of the crowd and threats being made by the protestors a chemical agent (Oleoresin Capsicum (OC)) was deployed to disburse the crowd to ensure

Captain [REDACTED]'s safety. I was notified by the Shift Commander and reported to the facility. At NO time did outside law enforcement assist in the incident.

Several protestors are alleging injury by Captain [REDACTED]'s vehicle, however, video fails to confirm this allegation at this time. Protestors who were exposed to the OC spray were decontaminated by local EMS and Fire Department staff.

I arrived at the facility around 10:25 p.m. and spoke to Lt. [REDACTED] of the Central Falls Police Department. He stated that several protestors were alleging that they were struck by the vehicle and were being evaluated by EMS and that an investigation was initiated. I requested a police presence of the employee parking lot throughout the night which was not honored by the Central Falls PD.

I debriefed my staff regarding the incident to ensure the safety and security of everyone. I then departed the facility around 12:40 a.m.

I was notified via e-mail by Captain [REDACTED] that his truck was impounded by the Central Falls PD and that the Attorney General in conjunction with the Rhode Island State Police would be opening an investigation.

The incident is under an internal investigation and is currently being reviewed by our attorneys.

Will continue to update as the investigation proceeds.

Please contact me with any questions.

Respectfully Submitted,

Subject: Wyatt Incident with Protestors

Sir,

The following is a summary of the Incident that took place at the Wyatt Detention Facility on Wednesday August 14, 2019.

At approximately 4:30 p.m. I communicated with Central Falls Police Chief Daniel Barzykowski regarding police coverage for the impending protest by "Never Again Action" group. Chief Barzykowski indicated that he would not have anyone stationed at the facility, but would have patrols in the area. I communicated to him my concern as protestors will block access points to and from the facility. I had Major [REDACTED] the Chief of Security deploy CERT staff around the perimeter to augment perimeter security based on a lack of outside local law enforcement support.

At approximately 7:27 p.m. about 200 protestors arrived at the facility and began to stand on the sidewalk chanting and throwing racial slurs to correctional staff augmenting the perimeter.

At approximately 7:40 p.m. protestors entered the property on the perimeter grounds to deliver a note of demands (see attached note) to the Warden. Once the demands were not met, the protestors began to impede the operations of the facility.

At approximately 7:41 p.m. Central Falls PD was notified.

At approximately 7:47 p.m. Central Falls PD arrived on the scene but did not remain.

At approximately 8:58 p.m., Central Falls dispatch was notified that protestors were moving to the employee and visitor parking lot and were obstructing people from entering and/or leaving the facility grounds. Several attorneys, visitors

and employees whom had worked 16 hours and were expected to return in 8 hours could not depart the facility. There was NO assistance by Local or State Police to mitigate this issue.

At approximately 9:12 p.m. Rhode Island State Police were notified due to there being NO police presence and the need for staff to enter and depart the facility grounds. Rhode Island State Police stated they notified Central Falls PD and the Wyatt was all set.
